

2025 Mainz, Germany: Electrochemistry: From Basic Insights to Sustainable Technologies

Plenary Lectures

Bin Ren – Xiamen University, China

Julie Macpherson - University of Warwick, UK

Y. Shirley Meng – University of Chicago, USA

Günter Schmid – Siemens Energy Global GmbH & Co. KG, Germany

Hubert Girault – Ecole Polytechnique Fédérale de Lausanne (EPFL), Switzerland

2024: Montréal, Canada: Electrochemistry – Science and Technology for a Sustainable and Better Planet

Plenary Lectures

Gerardine Botte - Texas Tech University, USA

Kisuk Kang - Seoul National University, Korea

Alexander Kuhn - Université de Bordeaux, France

Mary P. Ryan - Imperial College London, United Kingdom

David Wilkinson - University of British Columbia, Canada

2023: Lyon, France: Bridging Scientific Disciplines to Address World's Challenges

Plenary Lectures

Maria FORSYTH (cancelled on short notice) – Deakin University, Australia

Susanna CORDOBA DE TORRESI – Sao Paolo, Brasilia

Elzbieta FRACKOWIAK - Poznań University of Technology, Poland

Hiroyuki UCHIDA – University of Yamanash, Japan

Mark ORAZEM – University of Florida, USA

Alain WALCARIUS – Université de Lorraine, France

Alexei Kornyshev – Imperial College London, UK - Electrochimica Acta Gold Medal

2022: Online: Electrochemistry-Powering a Healthier Planet

Plenary Lectures

Jun Chen (Nankai University, China)

Yuri Gogotsi (Drexel University, USA)

Jacek Lipkowski, University of Guelph, Canada) - Frumkin Memorial Medal

Edward Sargent (University of Toronto, Canada)

Elena Savinova (University of Strasbourg, France)

2021: Jeju Island, Korea: Electrochemistry from Fundamentals to Products

Plenary Lectures

Hyuk Chang (Samsung – Korea)

Daniel Mandler (the Hebrew University of Jerusalem - Israel)

Kathy Ayers (Nel Hydrogen US)

Lo Gorton (Lund University, Sweden)

Christian Amatore (ENS - France) – Electrochimica Acta Gold Medal

2020: Belgrade, Serbia: Electrochemistry towards Excellence

Plenary Lectures

Stanley Whittingham (Binghamton University, USA)

Vojislav Stamenković (Argonne National Laboratory, USA)

Sharon Hammes-Schiffer (Yale University, USA)

Hector Abruña (Cornell University, USA) - Frumkin Memorial Medal

Yi Cui (Stanford University, USA)

Nick Birbilis (Australian National University, Australia)

2018: Bologna, Italy: Electrochemistry from Knowledge to Innovation

Plenary Lectures

Doron Aurbach (Bar-Ilan University, Israel) - Frumkin Memorial Medal

Steven Chu (Stanford University, USA)

Justin Gooding (University of New South Wales, Australia)

Shelley Minteer (University of Utah, USA)

Marc Koper (Leiden University, Netherlands)

Flavio Maran (University of Padua, Italy)

2019: Durban, South Africa: Electrochemistry: Linking Resources to Sustainable Development

Plenary Lectures

Juan M. Feliu (University of Alicante, Spain) - Electrochimica Acta Gold Medal

Sir Fraser Stoddart (Northwestern University, USA)

Tebello Nyokong (Rhodes University, South Africa)

Peter G. Bruce (University of Oxford, UK)

Wolfgang Schuhmann (Ruhr University Bochum, Germany)

Peidong Yang (University of California, USA)

2017: Providence, Rhode Island, USA: Electrochemistry without Borders

Plenary Lectures

Adam Heller (University of Texas, Austin, USA)

Clare P. Grey (University of Cambridge, United Kingdom)

Krishnan Rajeshwar (The University of Texas at Arlington, Arlington, USA)

Hector Abruña (Cornell University, Ithaca, USA) - Electrochimica Acta Gold Medal

Jose H. Zagal (University of Santiago de Chile, Santiago, Chile)

2016: The Hague, The Netherlands: Electrochemistry: from Sense to Sustainability

Plenary Lectures

George Whitesides (Harvard University, USA)

Linda Nazar (University of Waterloo, Canada)

Anders Nilsson (University of Stockholm, Sweden)

Serge Lemay (Twente University, the Netherlands)

Yuri Pleskov (A.N. Frumkin Institute of Physical Chemistry and Electrochemistry, Russia) - Frumkin Memorial Medal

2015: Taipei, Taiwan: Green Electrochemistry for Tomorrow's Society

Plenary Lectures

Tomokazu Matsue (Tohoku University, Japan)

Hongjie Dai (Stanford University, USA)

Li-Jun Wan (Chinese Academy of Sciences, China)

Martin Winter (Münster University, Germany)

Alan Bond (Monash University, Australia) - Electrochimica Acta Gold Medal

2014: Lausanne, Switzerland: Ubiquitous Electrochemistry

Plenary Lectures

Yang Shao-Horn (MIT, USA)

Patrick R. Unwin (University of Warwick, UK)

Nenad Markovic (Argonne National Laboratory, USA)

Patrick Schmuki (University of Erlangen, Germany)

Digby Macdonald (University of California at Berkeley, USA) - Frumkin Memorial Medal

2013: Santiago de Queretaro, Mexico: Electrochemistry for a new Era

Plenary Lectures

Michael Grätzel (EPFL, Lausanne, Switzerland)
Richard L. McCreery (University of Alberta, Edmonton, Canada)
Douglas R. MacFarlane (Monash University, Clayton, Australia)
Fritz Scholz (Universität Greifswald, Germany)
Masahiro Watanabe (University of Yamanashi, Japan) - *Electrochimica Acta* Gold Medal

2012: Prague, Czech Republic: Electrochemistry for Advanced Materials, Technologies and Instrumentation

Plenary Lectures

Jens K. Nørskov (SUNCAT Center for Interface Science and Catalysis, USA)
Kazunari Domen (The University of Tokyo, Japan)
Katharina Krischer (München, Germany)
Mark E. Meyerhoff (The University of Michigan, USA)
Dieter Kolb (University of Ulm, Germany) (*pas de plenary*) - *Frumkin Memorial Medal*

2011: Niigata, Japan: Electrochemical Frontiers in Global Environment and Energy

Plenary Lectures

Ulrich Stimming (Germany)
Richard Alkire (USA)
Jean-Marie Tarascon (France)
Tadashi Matsunaga (Japan)
Klaus-Dieter Kreuer (Germany)

2010: Nice, France: Electrochemistry: Electrochemistry from Biology to Physics

Plenary Lectures

Andrew Ewing (University of Gothenburg, Sweden)
Gerald Frankel (The Ohio State University, USA)
Oleg Petrii (Moscow State University, Russia)
Allen Bard (The University of Texas, Austin, USA),
Philippe Allongue (Ecole Polytechnique, France)

2009: Beijing, China: Emerging Trends and Challenges in Electrochemistry

Plenary Lectures

Alan J. Heeger (University of California, USA)
Philip N. Bartlett (Southampton University, UK) - *Electrochimica Acta* Gold Medal
Shi-Gang Sun (Xiamen University, China)
Zempachi Ogumi (Kyoto University, Japan)
Dieter M. Kolb (University of Ulm, Germany)

2008: Seville, Spain: Electrochemistry Down to the Molecular Level: Interfacial Science for Life and Technology

Plenary Lectures

Jean Clavilier LEI CNRS, France
Christian Amatore (CNRS, Paris, France)
Henry S. White (University of Utah, USA)
Richard G. Compton (University of Oxford, UK)
Zhong-Qun Tian (Xiamen University, China)

2007 Banff, Canada : Exploring Frontiers of Electrochemistry

Plenary Lectures

Andrzej Wieckowski – University of Illinois, USA
Kingo Itaya – Tohoku University, Japan
Wolfgang Knoll – MPI, Germany
Hector D. Abruna – Cornell University, USA
Jeff R. Dahn – Dalhousie University, Canada

2006 Edinburgh, UK : Nanostructured Materials in Electrochemistry; Biosciences and Molecular Electronics Application

Plenary Lectures

B.B. Damaskin

P.G. Bruce

H. Girault

V. Birss

O. Inganas
